

## **Myths Cast No Shadows**

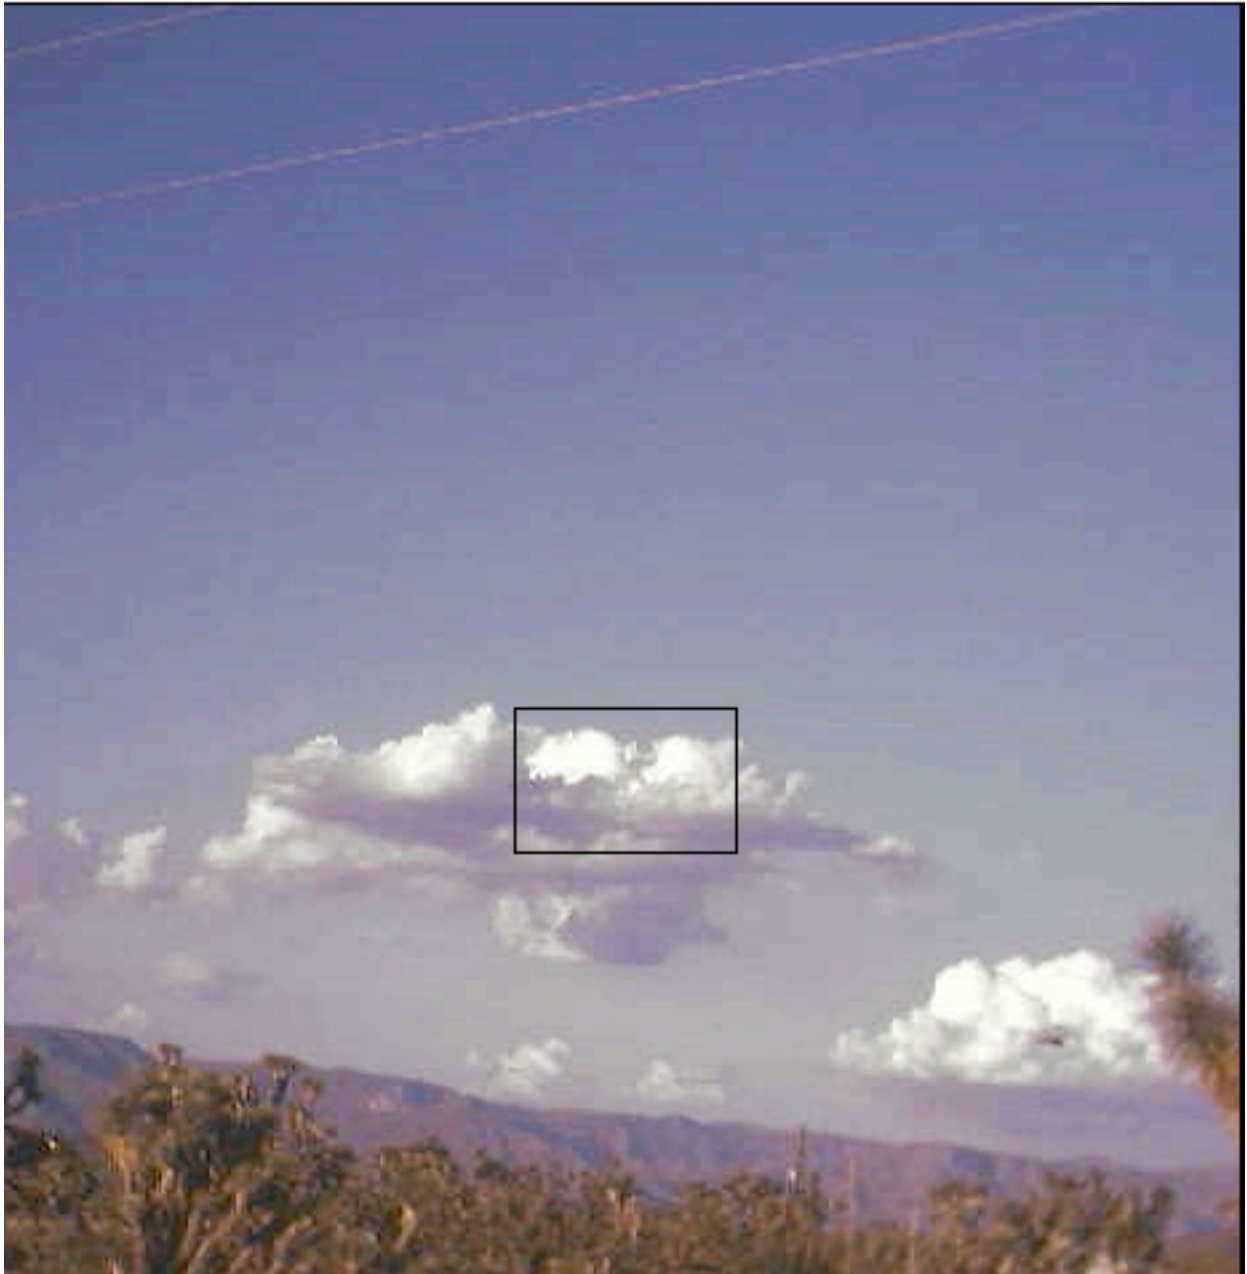

**In the last installment that is titled “There Were Strangers Among Us” we presented a number of photographs that were taken at the ancient city of Trelba Sye. These pictures depicted a number of diminutive Extraterrestrials that were using equipment to project holograms. When taking those pictures we were totally unaware of these little fellows, or their activities.**

**Within the early part of 2006 we were urged telepathically by extraterrestrials to take pictures of unique cloud formations that appeared over our home base in Dolan Springs, Arizona.**

**The cloud pictures were taken by Ra Team member Tim Robinson, who deliberately used a digital camera that recorded the images in a very low amount of pixels. This type of camera was used because about 90% of even the most ardent skeptics must admit that pictures manipulated with computer programs such as Photo Shop are easier identified as being altered when the picture is composed of a low volume of pixels. In other words the higher the number of pixels the easier it is for a person to blend various digital features together and create a false photographic impression.**

**In order to prepare for the any logical (or illogical) skeptical challenges we have resorted to over kill by taking more than 27,000 digital pictures of the extraterrestrial cloud formations. How stupid would a skeptic have to be to accuse anyone of faking 27,000 pictures?**

**In the picture that follows is seen an ET holographic projector protruding out of a cloud. It is assumed that a large Extraterrestrial space craft is concealed within the formation. This picture encouraged us to review our Trelba Sye photos of 1972.**

**A section of a picture that was taken at Trelba Sye in the fall of 1972 provided us with a clue to the fact that the Extraterrestrial's physical bodies are vibrating at a rate that is beyond our visual scan rate of perception. Therefore at the time we took the pictures we did not see them, but the shutter speed of the camera was fast enough to capture their images.**

Six Ripples in Hologram

Riccants

← Giant ET

**In the photo above is seen my daughter Deanna then 17 years old climbing up the hill toward the “Dragon Door” at Trelba Sye.**

**Please note that she is passing through a holographic image of a young girl wearing a white blouse. As Deanna’s body passed through the image it rippled six times in the course of 1/120 of a standard second of time (shutter speed). This picture was taken using color film. Digital cameras were not on the market in 1972.**

**Basically this tells us that the Extraterrestrial visual scan rate is at least six time higher than our own. The molecules that comprise their physical bodies must be vibrating at a much higher rate than ours as well.**

**This observation permits us to adjust video camera shutter speeds to a rate that will allow us to record the ETs as they move about doing at least the one thing they do quite well ... the generation of holograms.**

**The picture below shows several small extraterrestrials sitting among the foliage at Trelba Sye. Note the “main door” and the three carved heads which were shown and described in an earlier article.**

**Also note the numerous holograms that are found throughout the picture.**

**In the left framed section of the picture is seen a number of small ETs that are called Riccants. Note that there is another type of ET in the left lower corner of the same frame taking a picture of me.**

**In the frame on the right is a holograph of a giant head with an eye patch inscribed with the letters “W.B.”**

**Since the last article of this series was posted we have been very busy tasking pictures of the extraterrestrial visitors as they perform exercises around our headquarters.**

**We have hundreds of photographs of these ET activities. We will hold many in reserve and publish them, as we see fit.**

**In the first of two photographs (taken about 20 minutes apart) can be seen a transparent bubble, containing several ETs located at the rear of the truck .**

**In the first of the photos can be seen an Extraterrestrial in a “flying chair” Notice the white collar about his neck.**

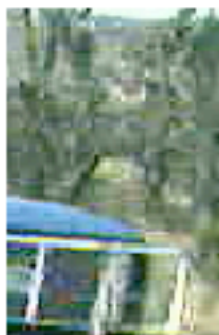

**In the second photo this same ET is seen standing by the truck. The cab of this truck is just over 6 feet in height. This means that the ET is about 7 feet tall.**

**Please note that the ETs wear clothes. Other pictures reveal that they also wear shoes with soles. Some times Riccants are seen barefooted.**

**Note, the 7 foot, alien was the same one seen in the “flying chair” in the first picture. They are certainly not camera shy.**

**ET with equipment**

**Riccant with receiving dish**

**The ET shown with several pieces of equipment seems quite mentally occupied with it. Note that the equipment has writing on it. Knowing that Tim (the photographer) could not see him the ET simply ignored him.**

**The Riccant who is tending a light reflecting metallic parabolic receiving dish is an interesting subject. Note that the deepest part of the dish has a cable attached to it. Look close, the cable is attached to a fitting. Maybe there is really nothing new under the sun?**

**The picture that follows contains a considerable number of ET projected holograms. In the foreground of the picture is seen a Riccant holding what appears to be a newspaper with the number 1942 printed on it.**

**A Google search for UFO activity that occurred in 1942 resulted in the newspaper account of February, 1942. The story was about antiaircraft guns firing (see picture below) at a number of UFOs flying at night over Los Angeles, California.**

Posted on Pumphouse**

**In response to the Riccant's 1942 message we posted a "Welcome" sign along with a copy of the picture and the phrases "Los Angeles 1942?" and "Can we be of any help to you?"**

**Later photos show the ETs reading our posted signs.**

### **THE MAN IN THE GOLDEN MASK**

**There is a scene of numerous persons (projection?) shown in blue frame. In the black frame is seen a large man (on all fours) Energy surrounding him caused over exposure. Fortunately another picture was taken.**

**White rock (on left) appears to have the word “Thanks” written on it (?).**

**This honored guest, is wearing a suit that protects him from the affects of the Frequency Barrier. Noticed the mechanical gloves and footwear. The gold mask is worn to conceal his true emotions (a known religious practice of a particular ET race).**

**We will from time to time post more and more of our photographic evidence that pertains to our ET contacts.**

**The Woo-Woo channelers, Fake Contactees, False Messiahs, “Official Representatives of the Extraterrestrials” for the sake of their egos, will try to discredit us, or invent new stories in order to cover their past lies. Our message to those real contactees is: Yes, it is the truth. It’s really happening and you should have no problem verifying it.**

**Do we know what is truly coming to pass upon the Earth?**

**Yes we do know.**

**Clues to the meaning of the greatest of all truths is mentioned in the following verses that are found in the controversial Gospel of Thomas:**

**(2) Jesus says:**

**“Let him who seeks continue seeking until he finds. When he finds, he will become troubled. When he becomes troubled, he will be astonished, and he will rule over the all.”**

**(83) Jesus says:**

**(1) "The images are visible to humanity, but the light within them is hidden in the image.**

**(2) “The light of the Father will reveal itself, but his image is hidden by his light.”**

**(84) Jesus says:**

**(1) "When you see your likeness you are full of joy. (2) But when you see your likenesses that came into existence before you – they neither die nor become manifest – how much will you bear?"**

**(113)**

**(1) His disciples said to him: "The kingdom – on what day will it come?"**

**(2) "It will not come by watching (and waiting for) it.**

**(3) They will not say: 'Look, here!' or 'Look, there!'**

**(4) Rather, the kingdom of the Father is spread out upon the earth, and people do not see it."**

**We have seen it, and we are still astonished, we know that you will also see it, without fail. The Extraterrestrials are playing a small part in bringing this divine on going event to our once sleeping consciousness.**
